The speaker of the Day was Capt. F. X. Forest, USN, Planning Officer of the Portsmouth Naval Shipyard, Portsmouth, N. H. who we were very fortunate to get.

Many thanks to the citizens of Barrington who gave us their moral support in helping to make this day what it is meant to be in remembering those who gave their lives that you and I may live.

REPORT of SUPERINTENDENT of SCHOOLS

To the School Board and Citizens of Barrington:

The following table gives the September, 1952, enrollment of Barrington pupils

<i>Teacher</i>	<i>Grade</i>	<i>Pupils</i>
Miss Constance C. Crosby	I	22
	II	17
Mrs. Marguerite Critchett	III	16
	IV	17
Mrs. Sarah E. Huckins	IV	13
	V	20
Mrs. Hazel M. Wasson	VI	21
	VII	10
Mr. Carroll E. Mathews	VII	16
	VIII	13
Total Elementary		165

DISTRICT TUITION PUPILS

<i>School</i>	IX	X	XI	XII	<i>Total</i>
Austin-Cate Academy	1	1		1	3
Coe-Brown North- wood Academy	1				1
Dover	9	4	2	9	24
Rochester	11	3	7	9	30
Total High School	22	8	9	19	58
Total Pupils					223

Pupils to enter Grade I in the foreseeable future are estimated as follows:

<i>Born</i>	<i>Enter Sept.</i>	<i>Pupils</i>
1947	1953	28
1948	1954	27
1949	1955	28
1950	1956	21
1951	1957	30

Next year's enrollment at Barrington School is estimated at 177 pupils. It will be necessary either to provide another teacher and classroom somewhere or else send a similar number of elementary tuition pupils outside the district, with transportation provided. The district should take steps at this time to add at least two more classrooms. An influx of defense workers into this area to the degree that some predict might necessitate as many as 12 rooms in Barrington School ultimately. Even if Grades VII and VIII are set elsewhere, it is estimated that you will need six room for Grades I-VI in the near future.

New members of the teaching staff are Miss Crosby, a graduate of Keene Teachers College, Mrs. Critchett (who received her training in Tempe, Arizona), and Mr. Salvatore A. Viggiano, music teacher, a graduate of the New England Conservatory of Music, succeeding Mr. Bertram Colter (deceased).

The School Nurse, Miss Myrtle Fletcher, gave health inspections to 157 pupils, including tests of vision and hearing and growth records, besides numerous special check ups. The fluorine clinic gave preventive dental care to 112 pupils. At the pre-school clinic in May, 21 children received physical examinations by Dr. Thompson of Rochester.

The legislative program sponsored by the state department of Education is designed to help the entire state, especially the needy districts. It includes:

1. Fully carrying out the state-aid formula adopted by the 1951 legislature, by providing the sum of \$1,230,000 for this purpose. Full aid this year would have given Barrington \$15,174.78 instead of \$7,317.50 as received.

2. A scholarship-aid program of \$40,000 for future teachers, to enable them to prepare at the Teachers Colleges.

3. A 6-year building program at the teachers colleges, including an auditorium-gymnasium at Plymouth and a building at Keene for classrooms and laboratories. Men's dormitories are needed at both schools and could be built so as to ultimately pay for themselves.

4. Additional funds and personnel for Directors of Elementary Education, Secondary Education, Surveys and Studies, and assistance in developing the courses of study.

5. Turning back the entire per-capita tax to the districts, so as to equalize the cost of supervisory unions and facilitate needed reorganization throughout the state.

At the annual meeting of the district a year ago, it was voted that the district express interest in the proposed co-operative district plan. During the past year, much discussion and reckoning has gone on, under the leadership of Dr. Everett B. Sackett, Chairman of the Committee, and Dr. Lester Vander Werf, of the University of New Hampshire, technical consultant. More detailed results of their labors will be separately furnished to the people of Barrington, who will then have a chance to vote whether they wish to take the next step, and petition the state board to set up such a district, subject to later adoption of the specific plan by each town separately and the new district

meeting as a whole. Even if the new organization went into operation July 1, 1953, it would doubtless be necessary for the new board to operate each town's schools for the first year about as the budgets of the separate districts called for, since it would take that long to construct the necessary facilities and make the needed arrangements.

HONOR ROLL OF PERFECT ATTENDANCE FOR ONE YEAR

Lorraine Treble, Virginia Wuesthoff, Joseph Cook, John Wuesthoff.

Yours respectfully,

CHESTER W. DOE,

Superintendent of Schools.

REPORT OF FIRE DEPARTMENT

The Barrington Fire Department responded to 16 calls for the year 1952. Two of these were for chimney fires, eleven for brush, two buildings and one truck. Two of the brush fire calls were for out-of-town fires.

A new Ford chassis and tank was bought, assembled, equipped and placed in service in April. The Association bought and installed a two-way radio licensed with the State Forestry making possible communication with Blue Job and all other units on the same frequency. Another unit is now on order for the other truck.

State laws now require a permit for the operation of a power oil burner and also for the storage of fuel oil.

SUMNER A. HAYES,

Fire Chief.

Your attention is directed to the State law requiring a permit for any open fire except when the ground is covered with snow. Your cooperation in this matter will enable us to control forest fires and lower the cost of suppression services.

SUMNER A. HAYES,

Warden.
